Description:

1. Name: Double USB 3A output Step-Down Power Supply Module
2. Input: 6V-40V (DC5.5 / 2.1 jack, terminals)
3. Output: 5V / 3A (MAX) (with Apple identification resistor)
4. Efficiency: 92% (MAX)
5. Switching Frequency: 150KHZ
6. Operating Temperature: -40 °C ~ + 85 °C
7. Size: 50mm*35mm*12mm(L*W*H)
8. Load Capacity: Maximum output 3A (can with two mobile phones at the same time)
9. Applications: USB 5V power devices like mobile power, mobile phones, flat-panel, and so on.
